WASSEL CLUB
BET 70
NOTED BY 10

Extracts from the Act entitled "An Act concerning Quit Rents, and to increase the Literature and School Funds respectively," Passed April 13, 1819.

VIII. *And be it further enacted,* That it shall be the duty of all persons owning lands heretofore forfeited to the people of this state, to exhibit satisfactory proof to the comptroller, on or before the first day of May, in the year one thousand eight hundred and twenty, that their lands were so forfeited, in order that the quit-rents charged thereon may be cancelled and discharged; and if any such persons owning lands so forfeited shall neglect to produce such proof within the said period, he shall be liable for the costs that may be made in advertising the said lands for the non-payment of quit-rents appearing due thereon, and for all other costs that may have accrued in enforcing the payment or collection of such quit-rents, until the time of producing such satisfactory proof as aforesaid; and no sale shall be made of any such lands for the non-payment of quit-rent, if before the same, such satisfactory proof as aforesaid shall be made and produced as aforesaid: *Provided always,* That the said comptroller shall not, until the first day of May, in the year one thousand eight hundred and twenty, so far as may regard any patent on which payments were made or remission granted, as specified in this act without a specification of the lands on which such payments were made or remission granted, publish the notice required by this act.

XIV. *And be it further enacted,* That when there are or may be several owners or proprietors of any tract of land chargeable with quit-rents, whether the same is or shall be situated in one town or in several towns or counties, it shall be lawful for any three or more of such owners or proprietors, whenever there shall be more than one year's quit-rent due on such tract, to put up an advertisement in three public places within each of the towns in which such patent may be situated, at least fourteen days prior to the time of meeting specified in such advertisement, notifying and requiring all the owners and proprietors of lands in such patent, chargeable with quit-rents, to meet at a certain time and place therein to be specified, not less than twenty nor more than forty days from the time of setting up such advertisement, to raise and pay the arrears of quit-rents then due for such tract; and such of the owners and proprietors of the said land chargeable with quit-rent, as shall then meet, may proceed to choose, by plurality of voices, two assessors, and one collector, for the purpose; and the assessors, so chosen, shall procure from the comptroller of this state, an account of the arrears of quit-rent due for such patent, with an account of the charges of advertisement, if any, and an account of the quantity of land in such patent, if any, on which quit-rent is remitted or discharged by commutation, and shall then proceed to make an assessment roll, containing the names of the owners or proprietors of the land in the said patent chargeable with quit-rent, where they can ascertain them, and the quantity of land to which they are respectively entitled, and the sum with which each of them, and with which each parcel of land, is chargeable, according to the quantity of land which every person, known or unknown, may be entitled to in the said patent or tract, with an addition of six per cent. for charges, taking care to describe with reasonable certainty, the lands assessed, and to designate each owner who may be known, and subscribe their names to the said assessment roll, and annex the account received from the comptroller to it, and within forty days from the time they were chosen, deliver the same to the collector so chosen as aforesaid, who shall collect from the several persons named in such assessment roll, resident on the said land, the several sums they shall be respectively charged with, in the same manner as the collectors of public taxes are or shall be empowered to do by law, and shall within one hundred and twenty days after he receives such assessment roll, pay the sums by him received or collected thereon, to the treasurer of this state, and deliver the said assessment roll to the comptroller, with a certificate thereon, signed by such collector, if the whole sum mentioned thereon, is not paid, setting forth which of the persons therein named are delinquents, and the lands, if any, of owners unknown which remain unpaid, and the reasons why the charges remaining unpaid could not be levied; and such collector shall also pay one sixth part of said six per cent. as he shall collect, to the assessors, for their trouble, and retain the residue as a compensation for his services; and the comptroller shall sell the lands of the delinquents, whether residents or non-residents, or so much of each piece or parcel, so returned to him, as may be necessary to raise the amount due on each respectively, with the expense of advertising and of sale, first giving notice of the sale in manner herein prescribed: *Provided however,* That after any tract or patent shall be advertised for sale for the arrears of quit-rent thereon, every such collection as aforesaid, & payment into the treasury, shall be made prior to the sale of the land.

XV. *And be it further enacted,* That in every case in which application shall be made to the comptroller by the assessors to be appointed under this act, to ascertain the amount of quit-rents due on any patent or tract, he shall certify not only the arrears of quit-rent then actually due on such patent or tract, but in case that sixty per centum of such arrears, and the commutation for future quit-rent on such patent or tract, shall be less than such arrears alone, he shall certify what such sixty per cent. of such arrears and commutation amounts to, and then, and in every such case, the amount to be collected, where collections can be made by the collector as aforesaid, shall be the said sixty per cent. of arrears and commutation, and not the amount of the said arrears, and the payment of such sixty per cent. into the treasury, shall fully discharge the lands upon which the same shall be paid from all quit-rents, as well future as past.

XIX. *And be it further enacted,* That it shall be lawful for the comptroller, at any time after the first day of May, in the year one thousand eight hundred and twenty, and it is hereby made his duty as soon thereafter as may be practicable, to advertise and sell the lands chargeable with quit-rents, in the manner and on the conditions following: he shall cause as many lists or statements of the lands and grants liable to be sold for arrears of quit-rents, to be printed as shall be sufficient to furnish each county clerk, each county treasurer, and each city chamberlain in the state with five copies, and each town clerk with three copies; and shall thereupon transmit, at the expense of this state, by mail, the said copies for the said county clerks and city chamberlains, to the said clerks and chamberlains respectively, and the said copies for the said county treasurers and town clerks, to the said county treasurers; and it is hereby made the duty of the said chamberlains and the said county clerks respectively, to retain the said copies of lists or statements in their offices respectively, and to permit all persons, at all reasonable hours to examine the same free of expense; and it is made the duty of the said county treasurers forthwith, on the receipt of said lists or statements, to transmit to the several town clerk's offices in their counties respectively three copies thereof, and to retain in their offices respectively the remaining five copies; and the said county treasurers respectively shall keep the said five copies of the said lists or statements in their offices, and permit all persons, at all reasonable hours, to examine the same free of expense; and the said town clerks respectively shall affix one of the said lists at some public place in the town, and keep the others of the said lists in their offices, and permit all persons to examine the same as aforesaid, free of expense; and the said county treasurers shall be entitled, for their services and expenses in the transmission or delivery of the said lists or statements to said town clerks, to fifty cents for each town clerk in their counties respectively, to be paid by the treasurer of this state, on the warrant of the comptroller, on the production of receipts from the town clerks, of the delivery to them of the said copies, or in case of the absence of any town clerk, then of proof that the said lists were left at the office or dwelling-house of such absent town clerk, and the comptroller shall forthwith, after the transmission by mail as aforesaid of said lists or statements, cause to be published in the newspaper printed by the printer of this state, and in four other newspapers in each of the four great districts of this state, one a week for seventeen weeks successively, a notice that he will on a certain day, not less than twelve months from the date of his said notice, at the capitol in the city of Albany, proceed to sell so much of the lands and grants described in the said lists or statements, as shall be sufficient to pay the arrears of quit-rent to the last annual day of payment preceding the day of sale, together with the costs of notice and of sale; the comptroller shall on that day proceed to the selling as aforesaid, and shall continue such sale from day to day until the whole be sold, and shall give to the purchasers certificates of their purchases.

XXII. *And be it further enacted,* That in every case of sale and conveyance by the comptroller pursuant to this act, of lands which may at the time of conveyance be in the actual possession and occupancy of any person or persons, the person or persons to whom such land may be conveyed, or others holding under him or them, shall serve a written notice on the person or persons in the possession or occupancy, or leave such notice at his or their dwelling house with one

of the family, stating in substance the sale and conveyance, and to whom made, the amount of the consideration after adding fifty per cent. thereto, and stating also, that unless the said consideration, and said fifty per cent. thereon, be paid into the treasury for the benefit of the purchaser, within six months from the time of the service of such notice, that the conveyance of the comptroller to the said purchaser will be absolute, and the occupant, and all others interested in the land, be for ever thereafter barred of all right or title to the same ; and the receipt of the treasurer, countersigned by the comptroller, for the said money, accompanied by a certificate of the comptroller, under his hand and the seal of his office, stating the payment, and shewing particularly what land such payment intended to redeem, shall as effectually redeem the said land from the sale and conveyance, as if redeemed within two years after the sale ; and the said certificate shall and may be recorded in the same manner and with the like effect as a deed regularly acknowledged by the grantor before an officer authorised to take such acknowledgments ; and in every case of actual occupancy and possession as aforesaid, of land sold and conveyed pursuant to this act, it shall be necessary for the purchaser, or those holding under him, in order to complete his title to any such land, to shew, by due proof, that the said notice was duly given, and by a certificate from the comptroller, that the payment by this act required had not been made into the treasury.

INDEX TO THE PATENTS.

Where there is more than one Name in the Patent, the first Name only is generally inserted. The Popular Names of the Patents are set down, as far as they have been ascertained.
